Vaccination and Microchip Clinic Prices

Effective February , 2017

We welcome you to bring your pets to our scheduled clinics for these services:

Dogs:		Cats:	
1 Year Rabies	\$15	1 Year Rabies	\$15
3 Year Rabies*	\$15	3 Year Rabies*	\$15
Distemper Combo (K9)	\$15	Distemper Combo (FeRCP)	\$15
Distemper with Lepto (K9)	\$15	Feline Leukemia	\$15
Lepto only	\$15	Feline Leukemia/FIV Test	\$20
Bordetella (Kennel Cough)	\$15		
Heartworm Test	\$20	Microchip***	\$20
Rx Fee for Heartworm Preventative**	\$10	Cardboard Cat Carrier	\$ 7
Microchip***	\$20		

We also offer preventative products for heartworm, fleas and ticks. Visit our shelter or web site for details and pricing.

Important Notes:

* 3-year Rabies vaccines can only be given with proof of non-expired Rabies at the time services are rendered. The HSLC is unable to make any exceptions to these requirements by state law.

** Heartworm preventative can only be dispensed if your dog has had a test within 30 days at our clinics. You must present proof at time of purchase. We are unable, by law, to dispense medications to animals we have not seen at our clinics. Refer to our web site for information about available heartworm medications.

*** We offer the **AVID Microchip System** which provides a safe, effective, and inexpensive method to identify your pet if it ever becomes lost or stolen. Your pet's information will be registered through the HSLC for the life of your pet. And, unlike some other microchip products, there is **no annual fee or additional cost** after the initial service. The procedure is simple and can be performed at any of our scheduled clinics. For more information about the AVID microchip, contact our shelter or visit the AVID web site: www.avidid.com.

Additional Clinic Information:

- Our clinics are scheduled on selected dates typically from 12:00 p.m. - 4:00 p.m. at our shelter on Dorr Road and other nearby locations. No appointments necessary, but our clinics are very popular, so a long wait time may be likely.
- During busy periods, HSLC reserves the right to limit the number of pets per household and may limit the number of tickets available each day to ensure we can complete all services before closing time.
- Cats must be brought in carriers and dogs must be leashed.
- Please bring the most recent vaccine records with you to help us determine the appropriate vaccines required for your pet. Also, refer to specific notes above for rabies vaccine and heartworm treatment.
- Clinic dates and times may be subject to change due to unplanned events or severe weather, so be sure to check the **HSLC Event Calendar** on our web site <http://www.humane-livingston.org> or call us during shelter hours:

Are your pets spayed or neutered? It's never too late! Visit our web site or talk to us about the benefits and low cost spay/neuter services available in our area!
